Chennai, Tamil Nadu — +91 7550151699 — vmurugesh168@gmail.com — LinkedIn — GitHub

Objective

Motivated and detail-oriented MERN Full Stack Developer with hands-on experience in MongoDB, Express.js, React.js, and Node.js. Seeking an opportunity to contribute to innovative web development projects, enhance technical expertise, and build scalable applications while growing as a software professional.

Education

Sri Sai Ram Institute of Technology B.E Mechanical Engineering	2021–2025 CGPA: 6.96
Zion Matriculation Higher Secondary School Higher Secondary Certificate (HSC)	2021 87.42%
Zion Matriculation Higher Secondary School Secondary School Leaving Certificate (SSLC)	2019 85.2%

Technical Skills

Frontend:	HTML, CSS, JavaScript, React.js, Tailwind CSS
Backend:	Node.js, Express.js
Database:	MongoDB
Version Control:	Git, GitHub

Soft Skills

- Problem Solving
- Self-Learning & Adaptability
- Attention to Detail
- Persistence
- Team Collaboration

Projects

Users Booking Application — Live Demo

- Built a full-stack booking application using React.js, Node.js, Express.js, and MongoDB with a clean separation of frontend and backend concerns.
- Developed with JWT authentication, protected routes, and RESTful APIs tested using Postman.
- Integrated MongoDB for data persistence and Nodemailer for automated email notifications.
- Built a responsive user interface using React.js and Tailwind CSS with reusable components.

Automation of Steam Turbine

- Automated steam turbine monitoring by integrating pressure and temperature sensors with Arduino.
- Built an interactive GUI to collect, process, and visualize live sensor data.
- Implemented serial communication for real-time data acquisition and monitoring.
- Designed dashboards for temperature and pressure tracking with configurable refresh intervals.
- Developed a scalable architecture to support future enhancements such as cloud storage and analytics.

Certification

- MERN Full Stack Web Development Certification – Aiiite Academy (2026)
